

## 10-YEAR LIMITED COMMERCIAL WEAR WARRANTY

---

PacifiCrest warrants that the carpet made with Type 6,6 Nylon will retain at least 90% of its pile fiber for 10 years, provided that the carpet is properly installed and maintained in accordance with the manufacturer's cleaning recommendations and installed in a commercial setting.

This warranty excludes carpet installed on stairs, areas subject to caster action, and damage from abuse. Water damage, willful damage including burns, tears, fading, matting, and the effects of improper installation and maintenance are also excluded from this warranty. This warranty is void in areas where seams are not properly sealed during installation. This warranty covers abrasive wear (fiber loss) and does not cover soiling, crushing, matting or (pooling/shading) watermarking.

### **Limited Lifetime Antistatic**

PacifiCrest warrants that carpet constructed of Type 6,6 Nylon shall not generate static shock exceeding 3.5kv for the useful life of the carpet. The threshold for normal human sensitivity is 3.5kv when tested by AATCC test method 134.
